Youth Protection

Everyone in contact with children needs to go through training on-line at the Council website. Randy agreed to find out from the council who needs this and will get the forms up-to-date if needed.

Roundtable

Ben Carder attended roundtable. Terry Bennett the Dist. Commissioner wanted a troop listing of scouts who own kayaks in order to share with other troops. The concerns are if whoever uses these kayaks should be properly trained. Swimming and canoeing merit badges are required before using kayaks. A decision would be made in the future. It was suggested that we email parents and get a list of the kayaks owned to see if they would be interested in sharing with other troops.

Charter information was given to Randy for review due by December 31st.

Geneology merit badge-January 23rd at Latter Day Saints Church on Ft. Caroline Rd.

Scoutmaster notes

Choose one meeting per month for Board of Review. It was suggested that the Troop incorporate the 2nd Tuesday of each month. Darryn motioned for the committee to agree to this. Tanya Drummond seconded. Upon review 1/21/2010-Tanya Dummond retracted her seconded motion. The process will remain with the current procedures in place. Committee voted all in favor for the current process in place.

Camping planned for December

Good Turn daily sheets were distributed to all scouts and parents.

November 3rd-School Board meeting 6pm. Scouts are to arrive by 5:45. This will be part of the citizenship in the community merit badge.

It was suggested that a time limit be followed for Eagle projects and community service projects. They should be scheduled similar to a normal work day with a morning break, lunch, and then afternoon break. Projects should not be overlapped by other events going on that weekend. It was suggested that all events should be on a calendar and planned ahead of time. Scouts are responsible for coordinating shifts for eagle projects.

Motion to close the meeting at 8:55pm
